Hot Fix: cp711_aopcpdat_003.zip

OTHERS/PRODUCT INTERFACES/AOPCPDAT/Migrate GovWin Capture Management Data

Deltek Defect Tracking Number:

1112434

Issues Resolved:

Description: After you ran the data migration, the application generated the following error message in the log file: "No matching value could be found in the database for the following field: |PRIME_CUST_ID|." When you changed the mapping of the **PRIME_CUST_ID** field from the default source field (Opportunity.ClientID) to a custom field (OpportunityCustomTabField.CustomColumn), the application still generated the same error. As a result of this issue, the process did not transfer records to Costpoint. This affected the entire transfer of customer information such as Customer Contacts, Customer addresses, and others.

Customers Impacted: This defect affects Costpoint users who migrate data from GovWin Capture Management.
