**Issues Resolved:**

**Description:** You were unable to copy an existing pool number (**Source**) into a different pool number (**Destination**) in the new fiscal year.

**Customers Impacted:** This defect affects Costpoint users.

**Workaround Before Fix:** Clone the existing pool on the Manage Cost Pools screen. This, however, can cause an error on inactive accounts and organizations. Another workaround is to copy the pool first, then copy the pool base and cost on the Manage Cost Pools screen.
