PRE-INSTALLATION INFORMATION..... 2

DEPLOYMENT 4

APPENDIX A: FOR ADDITIONAL INFORMATION 5

Overview

A secure, read-only REST API is available for selected Deltek PPM products, enabling external applications to access product data for reporting and integration scenarios. The REST API is implemented as a stand-alone service that exposes product data through secure HTTP endpoints for use by client applications.

Pre-Installation Information

Before you begin the installation and deployment of the REST API, it is important to understand the following information.

Supported PPM Product Versions

This table lists the PPM products and their versions that utilize the REST API.

Note: The versions listed represent the minimum supported versions. Subsequent cumulative update (CU) releases within the same major or minor release are supported unless otherwise specified.

Product	REST API	Supported Version
Cobra	Cobra REST API	8.7 Cumulative Update 05 or later
PM Compass	PM Compass REST API	8.5 Cumulative Update 12 or later
Open Plan	Open Plan REST API	8.8 Cumulative Update 01 or later

OpenAPI Specification Document

The REST API is documented using the OpenAPI Specification (OAS) 3.0, which provides a detailed and standardized overview of the API's endpoints, structures, operations, and data models. This documentation enables developers to effectively understand and interact with the REST API.

The REST API OAS document for your product is available on the [Deltek Learning Hub \(DLH\)](#).

REST API	DLH Document Name	Link
Cobra REST API	Cobra REST Service	https://learning.deltek.com/bundle/CobraRESTService
PM Compass REST API	PM Compass REST Service	https://learning.deltek.com/bundle/PMCompassRESTService

REST API	DLH Document Name	Link
Open Plan REST API	Open Plan REST Service	https://learning.deltek.com/bundle/OpenPlanRESTService

Prerequisites

Prior to installing the REST API for your product, take note of the following:

- You must install and configure Microsoft Internet Information Services (IIS) on the server where you plan to install the REST API. This includes the SSL certificates you may want to use for the REST API.
- You must have a PPM product version that supports the REST API.
- You must install a supported version of the database client that matches your database platform (for example, SQL Server or Oracle) and environment.

Software Requirements

This table outlines the supported technologies used to deploy the REST API.

Supported Deployment Technology	
Operating System	<ul style="list-style-type: none"> ▪ Microsoft Windows Server® 2025 ▪ Microsoft Windows Server 2022 ▪ Microsoft Windows Server 2019
Web Server	<ul style="list-style-type: none"> ▪ Microsoft Internet Information Services (IIS) 10.0 Role enabled
Database Driver	<ul style="list-style-type: none"> ▪ Microsoft OLE DB Driver for SQL Server ▪ Microsoft OLE DB Driver 19 for SQL Server ▪ Oracle Provider for OLE DB

Deployment

The REST API installer is included as a sub-release under the PPM product version that supports the REST API in Deltek Software Manager (DSM).

Note the following when using the REST API with the PPM product:

- You must have a PPM product version that supports the REST API.
- The REST API is installed and configured separately from the PPM product.
- The REST API does not need to be installed on the same server as the PPM product application or database.

Attention: For detailed information on deploying and using the REST API, see the *REST APIs for Deltek PPM Products Installation Guide*.

Appendix A: For Additional Information

Deltek Support Center

The Deltek Support Center is a support Web site for Deltek customers who purchase an Ongoing Support Plan (OSP).

The following are some of the many options that the Deltek Support Center provides:

- Search for product documentation, such as release notes, install guides, technical information, online help topics, and white papers
- Ask questions, exchange ideas, and share knowledge with other Deltek customers through the Deltek Support Center Community
- Access Cloud-specific documents and forums
- Download the latest versions of your Deltek products
- Search Deltek's knowledge base
- Submit a support case and check on its progress
- Transfer requested files to a Deltek Support Services analyst
- Subscribe to Deltek communications about your products and services
- Receive alerts of new Deltek releases and hot fixes
- Initiate a Chat to submit a question to a Deltek Support Services analyst online

Attention: For more information regarding Deltek Support Center, refer to the online help available from the Web site.

Access Deltek Support Center

To access the Deltek Support Center:

1. Go to <https://deltek.custhelp.com>.
2. Enter your Deltek Support Center **Username** and **Password**.
3. Click **Login**.

Note: If you forget your username or password, you can click the **Need Help?** button on the login screen for help.
