23.2.2 Release Notes

These release notes topics contain a summary of features, enhancements, and software issues resolved made in ComputerEase 23.2.2.

Note: The scope of these release notes is restricted to limited availability.

Summary of Changes

Enhancements

The following is a list of enhancements for this release:

- Added Time Center QTool Report

Software Issues Resolved

The following is a list of software issues resolved for this release:

- Time Center Billing Rate did not Display in Labor Distribution
- Time Center Double Pay Type had 1.5 Multiplier

Enhancements

This section includes enhancements in this release.

Added QTool Time Center QTool Report

You can now create QTool Report with Time Center information (**QTool » Payroll » Time Center**). In the Time Center QTool report, you can view all information found in the Time Center such as employee information, work information, ComputerEase Field geo time information and so on.

The Time Center QTool Report is also available in **Tasks » Work on Report Books**. This enables you to schedule the automatic generation and emailing of the report to your desired recipients.

Software Issues Resolved

This section includes software issues resolved in this release.

Time Center Billing Rate did not Display in Labor Distribution

Defect 2038494: Exported time entries from **Payroll System » Time Center** did not display the billing rate when viewed in Labor Distribution.

Time Center Double Pay Type had 1.5 Multiplier

Defect 2040625: Exported Double Time entries from **Payroll System » Time Center** displayed a multiplier of 1.5 instead of 2.0.

23.2.1 Release Notes

These release notes topics contain a summary of features, enhancements, and software issues resolved made in ComputerEase 23.2.1.

Summary of Changes

Enhancements

The following is a list of enhancements for this release:

- Added Company ID Field to Delttek Payroll Direct Deposit Checking Accounting Maintenance for Payroll Service Users
- Added Last Four Digits of Social Security Number to Emailed and Employee Hub Check Stubs

Software Issues Resolved

The following is a list of software issues resolved for this release:

- Users with Field Time License without Expense Unable to View User Maintenance Settings When Logged In as PW MAINT

Enhancements

This section includes enhancements in this release.

Added Company ID Field to Delttek Payroll Direct Deposit Checking Accounting Maintenance for Payroll Service Users

On the Main tab of the Account *Code* window (**Accounts Payable » Maintenance Programs » Checking Account Maintenance**) for Payroll Service users, a **Company ID** field now displays when **Delttek Payroll** is specified in the **Direct Deposit Type** field.

The **Company ID** field will default to the established Employer's ID Number (FEIN) in **Payroll System » Maintenance Programs » Tax Rate Maintenance » Federal Tax Table Maintenance**.

Added Last Four Digits of Social Security Number to Emailed and Employee Hub Check Stubs

When **Last 4 Digits** is specified in the **Print S.S.N on Check Stub** field on the Checks tab of the Payroll Parameters window (**Configure » System Parameters » Payroll Parameters**), the last four digits of an employee's social security number are now included in the check stub output of **Payroll System » Email Check Stubs** and in the check stub uploaded to your ComputerEase Employee Hub account.

Software Issues Resolved

This section includes software issues resolved in this release.

Users with Field Time License without Expense Unable to View User Maintenance Settings When Logged In as PW MAINT

Defect 2032539: When logged in as PW MAINT as a user with a field time license without expense, you were unable to view user maintenance settings.
